

	Theme 1: Building resilient agriculture and food systems Theme lead: FAO/GRP	Theme 2: Early warning, early action to leave no one behind Theme lead: RCCC	Theme 3: Financing a resilient future Theme lead: IIED	Theme 4: Establishing resilient cities and infrastructure Theme lead: IIED	Theme 5: Working with nature to build resilience Theme Lead: IIED/IFRC
DAY 1: Tues 9 Nov					
8:00 - 8:30 (GMT) Welcome / opening remarks					
8:30 - 10:00	Session 1A: How can we make climate finance work for the most vulnerable food system actors?	Session 1B: Unprecedented, widespread, and rapid: Is climate change being adequately accounted for in early warning early action?	Session 1C: Which financing mechanisms can contribute to inclusive locally led adaptation?	Session 1D: What are the challenges for local civil society organisations to engage local communities and government for more resilient and inclusive cities, in light of climate adaptation and the COVID crisis?	Session 1E: Lessons from the frontline– how can NbS deliver development and climate benefits?
10:00 - 11:30 Break/Networking					
11:30 - 13:00 Session 2:- OPENING PLENARY: Global Ambition. Local Action. Climate resilience for all. [introducing the themes]					
13:00 - 14:30 Break/Networking					
14:30 - 16:00	Session 3A: What are the critical actions needed to build climate resilient food systems in vulnerable and fragile regions?	Session 3B: Leave no one behind: how can we build equitable early warning systems that enable effective early action?	Session 3C: How can climate vulnerable countries benefit from debt instruments for climate and nature: Launch of a How to Guide	Session 3D: Hot Hot Hot: How can cities adapt to rising heat?	Session 3E: What are the opportunities and challenges of using green/gray infrastructure to increase flood resilience?
16:00 - 18:00 Break/Networking					
18:00 - 19:30 Session 4: PLENARY: Out the box: How can we reimagine our online interactions through serious fun?					
19:30 - 20:00 Closing Remarks					
DAY 2: Weds 10 Nov					
8:00 - 8:30 (GMT) Welcome / Recap Day 1					
8:30 - 10:00	Session 5A: How can we transform food and agriculture systems through locally led climate-friendly and nature-positive solutions?	Session 5B: Can locally led anticipatory action be leveraged to address climate impacts at scale?	Session 5C: How can budgeting and finance for climate change adaptation at country level be inclusive and gender responsive?	Session 5D: What role does ‘radical collaboration’ play in the development of resilient cities?	Session 5E: Drought, desertification, displacement and migration - can nature offer part of the solution?
10:00 - 12:00 Break/Networking					
12:00 - 13:30	Session 6A: Governance for climate action in the food system: what is the role of NDC's and local dialogues?	Session 6B: What scale-up? Disentangling the institutional enablers and barriers for early action	Session 6C: Is there a role for the private sector in locally led adaptation?	Session 6D: How can responses to climate change also support health, informal livelihoods, and inclusive urban transformations?	Session 6E: How can local organisations working with nature build and spread resilience?
16:00 - 18:00 Break/Networking					
18:00 - 19:30 Session 7 - PLENARY Closing High Level Panel					
19:30 - 20:00 Closing Remarks/ End					
	Theme 1: Building resilient agriculture and food systems Theme lead: FAO/GRP	Theme 2: Early warning, early action to leave no one behind Theme lead: RCCC	Theme 3: Financing a resilient future Theme lead: IIED	Theme 4: Establishing resilient cities and infrastructure Theme lead: IIED	Theme 5: Working with nature to build resilience Theme Lead: IIED/IFRC
