

BREAKING NEW GROUND

The Report of the Mining, Minerals and
Sustainable Development Project

May 2002

EARTHSCAN

Earthscan Publications Ltd London

CONTENTS

- i Foreword, by Nigel Cross and Björn Stigson**
- ii Statement by Assurance Group**
- iii Statement by Sponsors Group**
- iv Executive Summary**

- 3 Introduction**
 - The Context 4
 - Project Origins 4
 - A Project with a Difference 5
 - The Process at the Global Level 7
 - Independence 8
 - The Process at the Regional Level 8
 - Report Scope and Structure 11

- 13 Part I: A FRAMEWORK FOR CHANGE**
- 15 1. The Minerals Sector and Sustainable Development**
 - Sustainable Development: Why Now? 16
 - What Is Sustainable Development? 18
 - The Importance of Governance 23
 - A Sustainable Development Framework for the Minerals Sector 24
 - Key Areas of Action and Challenges 25
 - The Challenge of Implementation 28
 - Conclusion 30

- 31 Part II: CURRENT TRENDS AND ACTORS**
- 33 2. Producing and Selling Minerals**
 - Minerals and Mineral Production 34
 - Employment in the Minerals Industry 42
 - Mineral-Dependent Economies 44
 - Mineral Markets 47
- 57 3. A Profile of the Minerals Sector**
 - Industry 58
 - Governments 66
 - Inter-governmental Institutions 67
 - Civil Society and NGOs 68
 - Communities 70
 - Shareholders and Financial Institutions 70
 - Consumers 71
 - Research Institutions 71
- 73 4. The Need for and Availability of Minerals**
 - The 'Need' for Minerals 74
 - The Availability of Minerals 77

CONTENTS

85	5. Case Studies on Minerals
	The Metals 86
	Fuels and Industrial Minerals 105
111	Part III: CHALLENGES
113	6. Viability of the Minerals Industry
	The Business Case for Sustainable Development 115
	Sustainable Development: Enhancing Shareholder Value? 118
	Minerals Companies and Their Employees 124
	The Role of Technology 133
	The Financial Sector 135
	The Industry as Part of the Minerals Sector 138
141	7. The Control, Use, and Management of Land
	Land and Society 142
	Integrated Land Use Planning 144
	Land Tenure and Mining Law 145
	Royalties and Compensation 148
	Land, Mining, and Indigenous Peoples 152
	Resettlement Issues 158
	Protected Areas 161
	The Way Forward 166
171	8. Minerals and Economic Development
	Minerals Production and National Economic Development 172
	Capturing Mineral Wealth 177
	Managing and Distributing Mineral Wealth 181
	Corruption 184
	Protecting and Promoting Human Rights 188
	The Impact of Conflict 192
	The Way Forward 193
197	9. Local Communities and Mines
	Sustainable Development at the Community Level 198
	Gains and Losses at the Local Level 200
	Maximizing Mining's Contribution to Communities 208
	The Way Forward 226
231	10. Mining, Minerals, and the Environment
	Managing the Mining Environment 234
	Associated Environmental Issues 251
	The Way Forward 264

CONTENTS

- 269 11. An Integrated Approach to Using Minerals**
 - Connecting Production with Use 270
 - Sufficiency, Efficiency, and Use 276
 - The Way Forward 286
- 291 12. Access to Information**
 - Information's Key Role 292
 - Basic Information Needs 293
 - Key Challenges 294
 - Existing Mechanisms, Standards, and Initiatives 292
 - Challenges for Specific Components of the Mining Sector 302
 - The Way Forward 308
- 313 13. Artisanal and Small-Scale Mining**
 - Characteristics and Products of ASM 315
 - Environmental Impact 318
 - Hazards to Health 321
 - Social Issues 322
 - Relationships with Others in the Mining Sector 322
 - Maximizing the Contribution of ASM to Sustainable Development 326
 - The Way Forward 333
- 335 14. Sector Governance: Roles, Responsibilities, and Instruments for Change**
 - National Policy Framework 337
 - Lenders, Investors, and Customers 346
 - Terminal Liabilities: A Long-Term Challenge 346
 - Improving Industry Performance 349
 - Stakeholder Engagement 354
 - Capacity Building 355
 - The Way Forward 355
- 361 Part IV: RESPONSES AND RECOMMENDATIONS**
- 363 15. Regional Perspectives**
 - Overview of Reports from MMSD Partner Organizations 364
 - National Baseline Studies 374
- 385 16. Agenda for Change**
 - Broad Conclusions 388
 - A Vision of the Minerals Sector 389
 - Supporting Sustainable Development in the Minerals Sector 390
 - A Final Thought ... 410
