

Engaging men and women in REDD+ business: effectively addressing the drivers of deforestation and forest degradation

3-4 December 2015

Mercure Paris La Villette Hotel, Paris, France

Day one

(Thursday 3rd December)

10:00

Registration and coffee

Chair: Milagre Nuvunga (MICAIA Foundation)

10:30

Welcome, objectives of the meeting and expected outputs

Key note address: Where are we on REDD+ and where we are heading to?

Mirey ATALLAH (UNREDD)

REDD+ and gender: why and how

- Isilda Nhantumbo (IIED, UK)

11:00

REDD+ and gender: findings and policy implications from Vietnam, Nepal and Tanzania

(Panel discussion and plenary)

- Delia Catacutan (ICRAF, Vietnam)
- Rahul Karki (Forest Action, Nepal)
- Anthony Sangeda (Sokoine University of Agriculture, Tanzania)
- Vu Hop (NGO, Vietnam)
- Narendra Chand (REDD+ Implementation Centre, Nepal)
- Nemane Momed (UT-REDD, Mozambique)

13:00 - 14:00

Lunch

Chair: Markus Ihalainen (CIFOR)

14:00 - 15:15

Gender and equity in REDD+ at national and global level: Challenges and ways forward to address the issue of 'leaving no one behind'

(Panel discussion and plenary)

- Rahima Njaidi (MJUMITA, Tanzania)
- Saadia Bobtoya (IUCN, Ghana)
- Andrea Quesada Aguilar (Consultant, Costa Rica)

15:15

Summing up the key issues on gender to be addressed at national and global level

And introduction of REDD+ Testing in the Beira landscape corridor in Mozambique

- Isilda Nhantumbo (IIED, UK)

15:30 – 17:00

Socioeconomic baseline and measuring impact of REDD+

(Plenary discussion)

- Arnela Mousse (IIED, Mozambique)
- Alda Massinga (ISPM, Mozambique)
- Amy Duchelle (CIFOR, Indonesia)

17:00 - 18:30

Drinks reception

Day two

(Friday 4th December)

Chair: Kenneth Andrasko (Winrock International)

08:30

Setting the agenda for the second day

And developing reference levels for TREDD and REDD+ delivery models in Mozambique and experiences from other countries

And private sector engagement in REDD+: the big questions

- Isilda Nhantumbo (IIED, UK)

08:45

Reference level for subnational level in the Beira landscape Corridor in Mozambique

- How are we mapping the drivers, assessing carbon stocks and how do we put all these together to define ambition of reducing emissions at subnational level?
- What are the experiences – methodologies and results from elsewhere? DRC and Zambia

(Plenary discussion)

- Almeida Siteo (UEM, Mozambique)
- Casey Ryan (University of Edinburgh, UK)
- Mane Landing (OSFAC, DRC)
- Deuteronomy Kasaro, (REDD+, Zambia)

10:45

Tea break

Chair: Xiaoting Hou Jones (IIED)

11:15

REDD+ delivery models: how is Mozambique addressing the drivers of deforestation and forest degradation at subnational level?

- Sustainable Agriculture: can it halt deforestation?
- Sustainable value chains from Non-

timber forest Products: maintaining the trees standing

- Sustainable Biomass Energy: tackling the supply and demand
- Small and medium logging enterprises: how carrots more than sticks can promote sustainable forest management?

(Panel discussion and plenary)

- Farai Muchiguel (ADRA, Mozambique)
- Milagre Nuvunga (MICAIA, Mozambique)
- Hamid Taybo (ADEL, Mozambique)
- Isilda Nhantumbo (IIED, UK)
- Chris Stephenson (Plan Vivo, UK)

13:15 - 14:15

Lunch

Chair: Andre Aquino (World Bank)

14:15

Where is the private sector in REDD+?

- Implementing REDD+ in DRC: community and government perceptions and issues and opportunities
- Greening the Supply Chain in Ghana and Brazil: can the private sector address deforestation in Cocoa supply chain?

(Panel discussion and plenary)

- Raymond Achu Samndong (UMB, Norway)
- Adeline Dontenville (EFI, Spain)
- Marisa Camargo (University of Helsinki, Finland)
- Chris Meyer-Miller (EDF, USA)
- Robert O'Sullivan (Winrock International, USA)

16:15

Drawing conclusions on private sector REDD+ and low deforestation commodities: opportunities and synergies

And closing remarks

- Isilda Nhantumbo (IIED)

16:30

Close

Virtual participation

Follow the event and submit questions via the IIED Twitter account @IIED
